School Location

Set in a peaceful, serene, and safe location outside of the bustle of urban Kochi, GPS Brookes Kochi builds an exciting partnership between Global Education Trust and the Brookes Education Group. GPS Brookes Kochi joins a global network housing school globally in the USA, Canada, UK, South Korea, Russia, and Ukraine.

Kochi, also known as Cochin, is a major port city on the southwest coast of India. Kochi with its diverse culture and global outlook has been at the heart of trade routes between the Arabian Peninsula, Africa, and Asia for millennia. Traditionally characterised by the spice routes Kochi is rapidly evolving as the hub for innovation.

Serene Kochi has been drawing traders, explorers, and travellers to its shores for over 600 years. Nowhere else in India could you find such an intriguing mix: giant fishing nets from China, a 400-year-old synagogue, ancient mosques, Portuguese houses, and the crumbling remains of the British Raj. The result is an unlikely blend of medieval Portugal, Holland, and an English village grafted onto the tropical Malabar Coast.

“In the beginning, it was a bit difficult to cope as everything was new. I have to say all the support I received helped me fit right in.

A great thing about IB is the fact that we interact a lot, shoot ideas back and forth, research by ourselves, and not just memorize information.”

– Aman Ali E M (Student)

“The teaching methods in IBDP are unique in a way that they require the student to apply the knowledge that they learn, not only memorize the content. It instills critical thinking, analysis, and evaluation skills. As a parent, watching the journey and the development of my son over the past one year has given me the joy and satisfaction of making the right choice.”
